HTB

WHAT IS HACK THE 6IX?

Hack the 6ix is Toronto's largest summer hackathon now in our seventh year running! Last year we had over 1700 applicants, 500 hackers, and 92 project submissions and we are looking to expand our team this year.

We have several open positions, so read on to learn more!

OPEN POSITIONS

Business Development Director & Executives

Finance Director & Executives

Marketing Directors

Design Executives (UI/UX Designers)

Web Development Executives

Operations Executives

BUSINESS DEVELOPMENT DIRECTOR & EXECUTIVES

The Business Development team works to grow existing partnerships with past sponsors and create new relationships with emerging companies. As a Business Development Executive, you will be the face of Hack the 6ix to corporate representatives to secure monetary sponsorship, plan workshops, provide marketing services, and meet business needs. The BD team will act as the liaison between Hack the 6ix and leaders in the tech community.

QUALIFICATIONS

We're looking for someone with sponsor relations and portfolio management experience. If you're someone who enjoys collaborating with other companies and building business relationships, then this is the role for you!

Past experience with client and sponsorship procurement is an asset but we are also looking for individuals who are eager to learn!

FINANCE DIRECTOR & EXECUTIVES

The Finance team manages all of the funds we receive from sponsors and what we have available to spend throughout the year. As the Finance Executive, you will be responsible for assisting with financial forecasting, filing annual taxes, and maintaining budget control points. You will be working closely with the Business Development and Operations team throughout event planning.

QUALIFICATIONS

We're looking for someone who is responsible, detail-oriented, and good with numbers. As a Finance Executive, you will be the voice of reason and final checkpoint for all spending. If you are a numbers person and have past experience with financial management or accounting, this is the role for you!

Past experience with budgeting, preparing financial statements, or auditing is considered an asset.

MARKETING DIRECTORS

The Marketing Director will be managing our brand and social media presence to ensure consistency across all platforms. You will be planning various initiatives/campaigns throughout the year to engage our followers and manage our marketing timeline. You will also be coordinating with other organizations to promote Hack the 6ix. Be ready to be creative!

QUALIFICATIONS

We're looking for social media savvy and creative campaign leaders.

Past marketing and promotional experience is an asset, but we welcome anyone who loves being creative to apply!

DESIGN EXECUTIVES (UI/UX DESIGNERS)

UI/UX designers oversee the end-to-end process of research and design for the event experience. You will be responsible for conducting user research alongside the design team to inform the design of the hackathon's service experience as well as digital experience. As a UI/UX designer, you will be designing the experience encapsulating all user-facing touchpoints and creating captivating user interfaces and graphics. You will have the opportunity to focus on specific areas within the design process—or touch on the entire process!

QUALIFICATIONS

We're looking for people who are curious at heart, have an eye for design, and are team players. 🤘😊

Experience with at least one of the following is **required**: Adobe Illustrator, Sketch, or Figma. ✨ Experience or interest in user research is an asset.

WEB DEVELOPER EXECUTIVES

The Web Development team are the technical magicians behind the maintenance of our website and all code-based projects. As a Web Developer Executive, you will be part of the core team developing and creating our website, web-applications from front-end to back-end server maintenance.

Check out our work at www.hackthe6ix.com

QUALIFICATIONS

We're looking for developers with experience with front-end responsive web design or back-end servers. If you're a coder at heart with a passion to learn and live on Stack overflow, we want you!

Past coding experience is **required**. Vue, Node, mongoDB, and/or GraphQL experience is an asset.

OPERATIONS EXECUTIVES

The operations team is responsible for all logistics and event planning aspects leading up to and during the hackathon. Responsibilities will include venue booking, reservations, volunteer coordination, securing prizes, managing food and travel, accommodating sponsors and hosting workshops. The Operations team will be key to ensuring a smooth event through detailed event scheduling!

Note: Currently, we are planning to host Hack the 6ix 2021 in-person. However, we may have to shift to a digital hackathon depending on the situation. If we shift to a digital hackathon, some of these responsibilities may change!

QUALIFICATIONS

Excited about event planning? Love going to hackathons? Then this role is for you! We're looking for someone with strong organization and time management skills who is willing to go above and beyond to ensure the success of Hack the 6ix 2021!

Interested in any of these positions?
